1. LANDLINE SAMPLE DESIGN

In 2013, BSB will provide a list-assisted, two density stratum (listed one-plus block and not-listed one-plus block) sample to all states and DC and an equal probability random sample to GU, PR, and VI.

(Mark A, B, C, D or E)

☐ A. List-assisted.

☐ B. List-assisted with minority over-sample

☐ C. List-assisted with address matching for lead letters

☒ D. List-assisted with minority over-sample and address matching for lead letters

☐ E. Randomly generated from designated prefixes (GU, PR, VI, and other U.S. Territories)

2. LANDLINE GEOGRAPHIC STRATIFICATION (Mark A or B):

☐ A. No geographic stratification

☒ B. Geographic stratification

Number of strata:

Mark One

☒ Yes, there has been a change in counties, census tracts, zip codes, etc assigned to geographic strata.

☐ No, change to geographic strata from previous year.

3. LANDLINE MONTHLY TARGET NUMBER OF COMPLETES

(As a reminder, each geographic stratum or combined geographic strata that will be a corresponding region for weighting must have **500 completes** to be weighted by regions.)

Complete columns 2 and 3 for each geographic stratum. BSB will estimate the appropriate sample quantity needed based on 2012 completion rates by stratum, if applicable.

Stratum	Targeted Completes per Month	FIPS Codes of Counties, Census Tracts or Zip Codes in stratum

4. IN 2013, WILL YOU COLLECT MULTIPLE QUESTIONNAIRE VERSIONS ON BOTH LANDLINE AND CELL?

(As a reminder, each version must have **2500 completes** to be weighted by DBS.)

Mark One

☒ Yes. How many versions? 2

☐ No

5. PERSON AND LOCATION TO WHICH THE LANDLINE SAMPLE SHOULD BE SENT.

☐ State ☒ Contractor

Organization's name: Name of Contractor

Contact Name(s): Name of Person(s) receiving sample

Telephone Number (Voice): Needed in case of sample delivery problems

E-mail: Email address where the sample should be sent

6. CELLPHONE GEOGRAPHIC STRATIFICATION (Mark A or B):

☐ A. No geographic stratification

☒ B. Geographic stratification
(Maximum Geographic Strata is 5.)

Number of strata: 5

If you are not collecting 12 months of cellphone data, please include a justification and the start month below.

Start Month: January

7. CELLPHONE MONTHLY TARGET NUMBER OF COMPLETES

(As a reminder, each stratum must include contiguous counties. The counties that are collected within the Cell Phone Study will be placed in the appropriate regions if a state is weighted by regions.)

Complete column 2 below for one stratum. Complete column 2 and 3 for each geographic stratum. BSB will estimate the appropriate sample quantity needed based on 2012 completion rates by stratum if applicable.

Note: The cell phone geographic strata will need to be contiguous counties. Each county within the state will need to be included in a geographic stratum.
